PROFILE

A creative and innovative mind set and passionate about implementing and launching new projects. Looking to start the career as learner.

CAREER OBJECTIVE

To improve my skill set and applying it to make a significant contribution to the success of the company.

EDUCATION

BE - ECE, *New Horizon College of Engineering*   June 2019 – June 2023
                                                                     Bengaluru, India

12th, *Sri Saraswathi Vidyaniketana PU College*   June 2018 – June 2019
                                                                     Bengaluru, India

10th, *Sri Saraswathi Vidyaniketana*   June 2016 – June 2017
                                                                     Bengaluru, India

PROJECTS

Automated Circuit to Magic VLSI Layout using Python and Open Source EDA Tool, *To implement automatic circuit to MAGIC VLSI Layout. Here, we will make use of EDA tool e-SIM and programming language Python. Here, we will use python turtle graphics to draw VLSI layout automatically in backend using given circuit.*

IoT Based Motion Sensor using ESP8266 with E-MAIL Alert, *In this project, we have learned to make an Internet of things motion sensor which gives an alert on our phone when motion is detected at the place where the sensor is installed. Everything works through the internet, so there is no limitation of the distance between the sensor and the phone.*

SKILLS

Innovative Prototype Model Maker

Cartophile/Navigator

PROGRAMMING LANGUAGES

Basics in C++, C, JAVA, SQL, Web development.

CERTIFICATION

Routing and Switching - CISCO Netacad

LANGUAGES KNOWN

English, *(To speak, read and write)*

Kannada, *(To speak, read and write)*

Hindi, *(To speak, read and write)*

Telugu, *(To speak and read)*

Tamil, *(To speak)*

HOBBIES AND INTERESTS

Listening to music

Exploring new places

Bike rides

Gadgets

Simulation games
